

Public Utilities Commission

Newly Appointed Commissioners

The Public Utilities Commission (“PUC”) announces the appointment of Messrs. Rolando Santos and Roberto Young as Commissioners with effect from December 14, 2022.

Mr. Rolando Santos is an Electrical Engineer by profession and brings to the PUC over 25 years of practical experience in Commercial, Industrial, Electric Utility and Information technology industry.

Mr. Roberto Young is an Engineer with some 35 years of experience in the Telecommunications Industry in Belize. He has gained regulatory experience at the PUC having served as Director - Telecommunications sector as well as Chairman of the PUC from 2006 to 2008.

Commenting on the appointments, Dean Molina, Chairman of the PUC, indicated that “We very much welcome the wealth of experience and knowledge that our new colleagues will bring to the Commission, which will further strengthen and enrich the Commission’s work. At the same time, we also extend sincere gratitude to the outgoing Commissioner Etienne Sharp, who served the Commission for the past two years.”
