PUC Proposes to Grant Electricity Licence for Self-Generation and Supply

In accordance with Statutory Instrument (S.I.) 39 of 2024, the Public Utilities Commission (**the "Commission"**) hereby notifies the general public that it intends to grant **Electricity License** to an applicant as follows:

| Licence Category | Licence Type | Applicant |
|--------------------------------|----------------------------------|---|
| Licence to a Particular Person | Major Self-Generation and Supply | Caye Chapel Co. Ltd., Caye Chapel, Belize, Belize |

Reason for Proposal to Grant the Electricity Licence:

Major Self-Generation and Supply – to allow the generation of electricity by a person solely for their own use, with the entire output dedicated exclusively to self-supply. The generation capacity threshold for this class of licence are defined by regulation and shall exceed: (a) 0.25MW for renewable generation in or near aquatic ecosystems, (b) 1MW for on shore renewable energy generation, and (c) 2MW for combined heat and power generation.

Representations and Objections:

Directly affected parties and local authorities may submit **written representations and/or objections**, with respect to the proposed Consent, by **4:00 p.m. on Monday, November 3rd, 2025** to info@puc.bz, or hand deliver at our office located on the 2nd Floor of Marina Towers in Belize City.
